2B Computer Science

SKILLS

Web Development:
Javascript, HTML, CSS, JQuery, Git
React, Ember, SCSS, Ruby on Rails

Design:
Adobe Photoshop, Illustrator, Sketch,
Bootstrap, Skeleton, UI/UX

EXPERIENCE

Software Engineering Intern, UI Engineering
January - April 2016
Zenefits. San Francisco, California

- Created and improved UI for the app using Ember, Javascript, HTML, CSS, SCSS
- Collaborated with other UI Engineers, Product Engineers, and Product Managers in an agile environment to quickly push new products and iterations
- Created consistent and easy-to-use UI components for use throughout the product
- Kept code functional and maintainable using Ember unit and integration testing

Front-End Developer and Designer Co-op
May - August 2015
Overstats Inc. Kitchener, Ontario

- Redesigned and created pages in the app using Javascript, HTML, CSS in Ruby on Rails
- Created an interactive deck builder using ReactJS, allowing users to select cards and create and edit new or existing decks
- Created a deck "central" for users to view popular and effective decks
- Scraped popular decks from other Hearthstone sites for users to tweak and share on the app

EDUCATION

September 2014 - Present

University of Waterloo
Candidate for Bachelor of Computer Science
